KNOW ALL MEN BY THESE PRESENTS, that I, S. W. Breland, for and in consideration of the sum of One Hundred Fifty and NO/100 Dollars ($150.00) to me in hand paid by South Carolina Power Company, a corporation, the receipt whereof is acknowledged, do hereby grant to said Company, its successors and assigns, the right to construct, operate and maintain electric transmission lines and all telegraph and telephone lines, towers, poles, anchor and guy wires and appliances necessary or convenient in connection therewith from time to time upon a strip of land one hundred twenty-five feet in width, as said strip is now located by the final location survey thereof heretofore made by said Company, over and across the lands of which it is hereinafter described as being a part, said survey to determine the boundaries of said strip, together with all rights and privileges necessary or convenient for the full enjoyment or use thereof for the purposes above described, including the right o ingress and egress to and from said strip and the right to cut and keep clear all trees and undergrowth and other obstruction on said strip and danger trees adjacent thereto which now or may hereafter injure or endanger any of the works on said strip.

Said strip is a part of a tract of land situated in Colleton County South Carolina, described as follows: All that piece, parcel or tract of land measuring and containing twenty-eight (28) acres, more or less, and being bounded on the North by lands of Lucas; on the East by lands of William Bowles and Parris Bell; On the South by Mrs. Annie Moyle, and on the West by Beach. Provided, however, that in the event steel towers are used in the construction of any such line or lines that such towers may be placed at a greater distance from eath other in order to support longer spans, in which event said steel towers need not line with poles previously erected. The intent of this provision is that the poles or towers to be erected shall be so erected as to consume the minimum amount of space and so as not to interfere any more than necessary with the use of the lands by the owners thereof.

That any timber, trees or wood which may be cut by the South Carolina Power Company, its successors and assigns, at the time of the clearing of the said right of way shall remain the property of the grantor, and the grantor shall have the right to remove the same from said right of way, and to use the same for his own purpose. That the said South Carolina Power Company shall fell said timber, trees and wood, and shall give notice to the grantor when the same shall have been done, whereupon the grantor shall have a reasonable time in which to remove said timber, trees and wood from said right of way, but this provision shall not interfere with the South Carolina Power Company in proceeding with the construction of any power lines which it may desire to erect.
